

WALKWAY CANOPY

PRODUCT FEATURES

- 1. NEVER RUSTS, WARPS, ROTS** – aluminum canopies will have a clean appearance for longer.
- 2. INTERNAL GUTTER SYSTEM** – our canopies are designed with an internal gutter and drainage system to keep water away from the walkway.
- 3. IBC-COMPLIANT** – we design our product to be compliant with the International Building Code.
- 4. CUSTOM LAYOUTS** – our engineering team will design a walkway canopy that works for you whether your site is sloping or has many angles.
